Company Data

Manufacturing Solutions, Inc. is a Contract Manufacturing company with over \$30 million in annual revenues and more than 200 employees. Established in 1996, MSI partners with its clients to transform product ideas into reality, and components into high-quality products, delivered worldwide directly to the designated end user.

CORE COMPETENCIES

- Mechanical & electrical assembly & sub assembly.
- Supply chain management
- End-to-end manufacturing services: picking, kitting, packaging/crating, order fulfillment, warehouse receiving, truck transportation, and worldwide shipping.
- 350,000 plus sq. ft. of secure warehouse space.
- In house engineering, fabrication, and machine shop.
- Waterjet, press brake, CNC turning centers, CNC milling centers, Laser punch combo.
- Tig, Mig, stick welding.
- Precision static cutting tables.
- 3D Printing.

WHY MSI?

- Custom flexible solutions.
- Turn key from design consultation to end user product delivery.
- Intensive internal global training program.
- Robust quality control for inbound and outbound inspections.
- We understand the needs and expectations of our customers.
- Company-wide commitment to Lean manufacturing, Kaizen, and 6S principles.
- Our dedication and focus on optimizing assembly processes enables our manufacturing operation to produce and deliver higher quality products in less time with less waste.
- 100% on time delivery.
- Multi-year recipient of the Vermont Business Growth Award.
